

## Newsletter November 2024

Hello everyone,

This newsletter has some important dates to mark on your calendar as we edge ever faster towards the end of the year.

Firstly, thank you to those who have paid their subs for this next shooting year. If you are on a beginner course or have just finished one and have begun your 12 weeks of shooting, you will be contacted by email just before the 12 weeks ends. If you wish to continue with archery your subs will be on a pro-rata basis for the remainder of the shooting year. A reminder that subs include membership of Archery New Zealand.

Details of the subs are on the noticeboard at the club. Bank account number:  
Dunedin Archery Club 03 0903 0379656 00

Any queries, please email me at [treasurer@dunedinarcheryclub.co.nz](mailto:treasurer@dunedinarcheryclub.co.nz)

\*\*\*\*\*

### Important Dates to note and remember

**16<sup>th</sup> and 17<sup>th</sup> November.** Graeme Marett tournament. The range will be closed for club shooting this weekend but you are very welcome and encouraged to come along and watch the shooting.

**14<sup>th</sup> December.** Break up day. Starts at 10.30 for all archers and is a 'fun shoot'. Bring a plate to share after the shoot.

**\*\*\*While the club is closed for formal shooting/coaching it may be open at times over the break. Keep an eye on the Facebook page for notifications.**

**Here is a link to our Facebook page**

<https://www.facebook.com/share/sru9fm824hb1hoWD/>

It's also searchable under "Dunedin Archery Club Members Group".

**18<sup>th</sup> January.** Normal shooting resumes

**26<sup>th</sup> January.** Public Have A Go. This is on a Sunday 1pm – 3pm and will be advertised on Facebook and through The Star newspaper. It is \$10 each for 12 arrows (4 ends). Tell your friends. We need volunteers to help set up, hand out arm guards and finger tabs. It's a great fundraiser for the club so please lend a hand.

**15<sup>th</sup> and 16<sup>th</sup> February.** The Chingford Star tournament. Again, the range will be closed for club shooting but come along for a look and to meet archers from other clubs.

\*\*\*\*\*

Please note the Archery New Zealand website has information about upcoming tournaments and other information of interest so feel free to check it out.

[www.archerynz.co.nz](http://www.archerynz.co.nz)

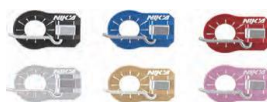

\*\*\*\*\*

**Working Bee:** Sometime during the break, in January we plan to hold a working bee at the club. Some of the things we need to tackle include water blasting and painting the buildings, cleaning spouting, clearing rubbish and that's just the outside! As the saying goes, many hands make light work so keep an eye on the Facebook page for this. Any help you can give is much appreciated. The more we can do ourselves, the less we have to pay for and the more we can put into our 'new building' fund.

## Anyone Looking For Gear?

We have a special, wholesale, buying privilege arranged with Nika - Elong Archery, who have almost everything an Archer needs in equipment and the items shown are just a very small sample of what is available.

<https://nikabow.com/collections/recurve-bow-1>

Check out the website and talk to Nigel, either at the club or email :

[nigel@powerzone.net.nz](mailto:nigel@powerzone.net.nz)

Items and freight are priced in USD and the NZD price will reflect the exchange rate at the time of purchase.

A donation to the club would be appreciated and this could be anything you think appropriate. (receipts will be given for tax purposes)

**NEW**  
**ET-12 PROCEED**  
**175F**

**SPECIFICATION**  
Length: 25inch  
Interface: ILF  
Type: RH/LH available  
Material: Aluminum alloy 6061-T6  
Process: CNC process  
Net weight: 1250gram  
Surface processed: Anodized  
Color: Black, Red, Blue, Gray, Gold, Pink  
# 210112

**HIGHLIGHTS**  
Multi-wind tunnel design can increase the balance of the bow riser and reduce vibration.  
Using 6061-T6 aluminum material  
Beautiful anodized color, good wear resistance and strong corrosion
